- URI Symptoms or Recent Asthma Flare (Within 5 days):** 2 puffs/1 AMP @ noon for 5 days.
- Special Instructions: _____

Controller Medications for In-School Administration

(Recommended for Persistent Asthma, per NAEPP Guidelines)

- Fluticasone MDI**
[Flovent® 110 mcg MDI can be provided by school for shared usage]:
 MDI w/ spacer
 DPI
- Other:** Name: _____ Strength: _____
Dose: _____ Route: _____ Time Interval: ____ hrs

Standing Daily Dose:

____ puffs/1AMP ONCE a day at ____ AM
Special Instructions: _____

Health Care Practitioner (Please Print Name)		Signature	Date ____/____/____
Last	First		
Address		Fax (____) _____	NPI # _____
Tel. (____) _____			
Email Address		NYS License # (Required)	CDC and AAP strongly recommend annual influenza vaccination for all children diagnosed with asthma.

ASTHMA MEDICATION ORDER | Office of School Health | School Year 2018-2019

ASTHMA PROVIDER MEDICATION ORDER | Office of School Health | School Year 2018-2019

DUE: JULY 15th. Forms submitted after July 15th may delay processing for new school year.

PARENTS/GUARDIANS FILL BELOW

By signing below, I agree to the following:

- I consent to my child's medicine being stored and given at school based on directions from my child's health care practitioner. I also consent to any equipment needed for my child's medicine being stored and used at school.
- I understand that:
 - I must give the school nurse my child's medicine and equipment, including non-Ventolin inhalers.
 - All prescription and "over-the-counter" medicine I give the school must be new, unopened, and in the original bottle or box.** I will get another medicine for my child to use when he or she is not in school or is on a school trip.
 - Prescription medicine must have the **original** pharmacy label on the box or bottle. Label must include: 1) my child's name, 2) pharmacy name and phone number, 3) my child's doctor's name, 4) date, 5) number of refills, 6) name of medicine, 7) dosage, 8) when to take the medicine, 9) how to take the medicine and 10) any other directions.
 - I must **immediately** tell the school nurse about any change in my child's medicine or the doctor's instructions.
 - OSH and its agents involved in providing the above health service(s) to my child are relying on the accuracy of the information in this form.
 - By signing this medication administration form (MAF), the Office of School Health (OSH) may provide health services to my child. These services may include a clinical assessment or a physical exam by an OSH health care practitioner or nurse.
 - The medication order in this MAF expires at the end of my child's school year, which may include the summer session, or when I give the school nurse a new MAF (whichever is earlier).
 - When this medication order expires, I will give my child's school nurse a new MAF written by my child's health care practitioner. If this is not done, an OSH health care practitioner may examine my child unless I provide a letter to my school nurse stating that I do not want my child to be examined by an OSH health care practitioner. The OSH health care practitioner may assess my child's asthma symptoms and response to prescribed asthma medicine. The OSH health care practitioner may decide if the medication orders will remain the same or need to be changed. The OSH health care practitioner will fill out a new MAF so my child can continue to receive health services through OSH. OSH will not need my signature to write future asthma MAFs. If the OSH health care practitioner completes a new MAF for my child, the OSH health care practitioner will attempt to inform me and my child's health care practitioner.
 - This form represents my consent and request for the asthma services described on this form. It is not an agreement by OSH to provide the requested services. If OSH decides to provide these services, my child may also need a Student Accommodation Plan. This plan will be completed by the school.
 - OSH may obtain any other information they think is needed about my child's medical condition, medication or treatment. OSH may obtain this information from any health care practitioner, nurse, or pharmacist who has given my child health services.
 - If the school nurse is unavailable, I may be notified to come to school to give my child medicine.

FOR SELF ADMINISTRATION OF MEDICINE:

- I certify/confirm that my child has been fully trained and can take medicine on his or her own. I consent to my child carrying, storing and giving him or herself the medicine prescribed on this form in school. I am responsible for giving my child this medicine in bottles or boxes as described above. I am also responsible for monitoring my child's medication use, and for all results of my child's use of this medicine in school. The school nurse will confirm my child's ability to carry and give him or herself medicine. I also agree to give the school "back up" medicine in a clearly labeled box or bottle.
- I consent to the school nurse or trained school staff giving my child medicine if my child is temporarily unable to carry and give him or herself medicine.
- I certify/confirm that I have checked with my child's health care practitioner and I consent to the OSH giving my child stock medication in the event my child's asthma medicine is not available.

NOTE: If you opt to use stock medication, you must send your child's asthma inhaler, epinephrine, and other approved self-administered medications with your child on a school trip day and/or after-school program in order for he/she to have it available. Stock medications are for use by OSH staff in school only.
