

EXTENDED DAY MISSION STATEMENT

The Extended Day Program furthers the mission of Midtown West as a school that supports children and their families. The primary goal of the program is to provide child-care for working families. A strong sense of continuity for our children is maintained as they move from the school day into the after school hours by using the Midtown West facility and staff members whenever possible and to provide high quality activities that stimulate children intellectually, socially, and physically, in a safe, nurturing environment.
