DONATE to our biggest fundraiser of the year to help us create wonderful enrichment programs that make P.S. 212 Midtown West successful!

Celebrate P.S. 212 Midtown West, a NYC public elementary school in the heart of Manhattan's Theater District.

Our academic programs are enhanced through visual art, music, science, technology, museums & various cultural programs in NYC. To sustain these kinds of educational and enrichment programs costs \$750 per child beyond funds allocated by the government. NYC schools are facing significant budget cuts of up to \$100,000 a year per school. Midtown West is on this list. With money tight, enrichment programs are the first to go.
